Student Roster (A) – Wave 2

Please complete 1 Student Roster (A) for every Grade 10 class included in the survey.

There may be students who are now enrolled in this class who were not enrolled at the beginning of the school year. You do not need to record any information on these students; they will not be included in the survey.

Please ensure that you complete all pages of this Roster, including the questions under 'Information about this class' on page [5]. You will need the help of the School Records, the School Principal, and the Class Teacher for this class.
